Still not quite sure? Keep reading...VONS, Ralphs and Albertsons generously provide contributions to schools with **NO OUT-OF-POCKET COSTS** to you. Really, it's true! After you turn in your form, one of the program chairs will register your card or you can do it yourself through the websites listed below. After that, Adobe Bluffs will earn a percentage from your grocery shopping. It's a simple as that. In 2006, we earned over \$8,000 from these programs with only a small fraction of AB families participating. We are now on track for a terrific 2007 and beyond if we continue to keep our participation rate strong. A real life example: Ellen Browning Scripps (EBS) in Scripps Ranch earned \$30,000 last year from the eScrip program alone.

The eScrip program is even more than just grocery cards. Please see the eScrip website for details and for more information on the other programs, go to their websites or ask one of the chairpeople listed below.

The more we can take advantage of these programs, the more we can do for our children. Ralphs and VONS require an annual registration in their programs. By filling out and returning this form, you authorizing the program chair to register your cards with Adobe Bluffs. In order to keep the funds flowing, save paper and not to hassle you any further, the program chairs will continue to renew your grocery cards every year. You may change your donation recipient at any time by contacting the companies. Thank you for your participation!
